

# Copilot & Power Platform Jumpstart Workshop

Modern Workplace Optimization and Automation Accelerator

Infused Innovations has partnered with Microsoft to offer a guided accelerator designed to reimagine a business process, helping your organization save money, reduce errors, and excite users.

Learn about the tools, capabilities, and solutions for solving real business challenges

Identify how to build the ROI, business case, and create internal champions

Build your implementation roadmap with confidence

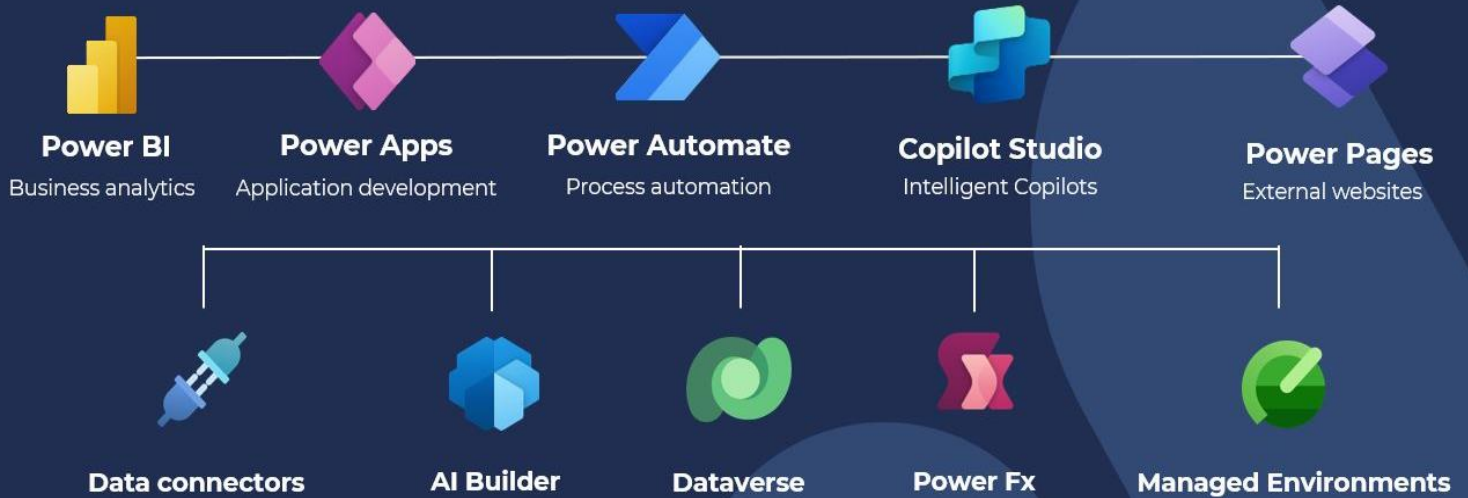

Narrow your focus to the right scope, stakeholders and goals

Select the right tools to solve the problems for the greatest impact

Deliver an internal MVP and begin gathering user feedback for iterative improvement
